# About *The Saint John's Bible*

*The Saint John's Bible* is the first handwritten and illuminated Bible commissioned by a Benedictine monastery since the invention of the printing press in the 15th century. Saint John's University in Collegeville, MN, commissioned world-renowned calligrapher Donald Jackson, senior scribe to Her Majesty the Queen's Crown Office at the House of Lords in London, England, to lead a team of scribes and artists to create this masterpiece.

## On Display at Clement Manor:

The Heritage Edition of *The Saint John's Bible* is a fine art reproduction of the original. Its creation has engaged the finest printing experts and binders to ensure faithful

representation of the original manuscript. A world-class team of scribes, artists, and craftspeople have guided its development from the ink first touching the vellum to the creation of the Heritage Edition. Each of the 1,150 pages and 160 illuminations has been scrupulously compared to its original counterpart to guarantee accurate reproduction.

## Gospels and Acts Volume

The 136 page volume is heavily illuminated with more than 25 illuminations. Some of the prominent illuminations include Genealogy of Jesus, Birth of Christ, Raising of Lazarus, Crucifixion, Christ Our Light, Last Supper, Road to Emmaus and Pentecost.
