

The Archives welcomes all visitors to come and enjoy our historic collection. There is no fee for scheduling a research appointment, donating materials to the Archives, or having a consultation with the Archivist.

If you wish to have the research conducted by Archives staff, please contact the archives for an estimate. The following fees are associated with those services to help defray the cost of maintaining the equipment, supplies and resources needed to support those types of requests.

The copyright law of the United States (Title 17, U.S. Code) governs the making of photocopies or other reproductions of copyrighted materials. Securing copyright clearance, permission to publish or reproduce materials within the School Sisters of St. Francis Archives is the responsibility of the researcher. As specified in the law, archives are authorized to furnish a photocopy or other reproduction if the copy is not “used for any purpose other than the private study, scholarship or research.” If a user makes a request for, or later uses a photocopy or reproduction for purposes in excess of “fair use”, that user may be liable for copyright infringement.

**Permission to Publish**

Permission requires application in writing and any subsequent or additional uses must be applied for in writing and are subject to additional fees. Permission to reproduce documents, photographs, and any other images or materials from the School Sisters of St. Francis Archives is granted for a “one-time only” use of the item and may be subject to fees unless otherwise indicated. Permission to publish does not take effect until the permission form is completed, signed, and approved.
